# The Weekend

The **Asia Cup Polo International Day** will be hosting its 26th Annual International Weekend from **Friday 26th June to Sunday 28th June 2026** at Winkfield.

The event enjoys Royal Patronage from the Jaipur Royal family who have played in many of the International matches both in England and India.

The Asia Cup Polo International Day is able to offer partners the opportunity to associate their brand with the unique image of the game and to access the very affluent people who play and watch polo.

This is not just one of the world's richest communities, it is also one of the most influential, made up of leaders and opinion-formers from the very top of society. They are high earners and big spenders.

Over the course of the weekend we will welcome over **1000 corporates and HNI's**. They are mainly from London and the Home Counties along with International guests.

We also welcome over 1000 other guests for our polo and party lawn area. This is curated through clubs such as Home House Collection, Global Woman and through the polo community and additional guests of sponsors and partners
